Pinnae Desk™

Unique oscillating mechanism allows maximum user flexibility.

Features

Woods unique stepless oscillating mechanism allows the angle between the desk and the pedestal to increase or decrease as required depending on the size of the room or the personal choice of the user.

The contemporary shape of the desk top gives the 'wrap around' workstation feel.

The pedestal can be fitted LHS or RHS and features 2 lockable pencil drawers, 1 file drawer and 1 lockable cupboard for valuables or a CPU (via ventilation slots in the rear of the pedestal).

Dimensions

Oculus Desk™

Perfect shape for restricted spaces.

Features

Woods unique oscillating mechanism allows the angle between the desk and the pedestal to increase or decrease as required depending on the size of the room or the personal choice of the user.

The pedestal can be fitted LHS or RHS and features 2 lockable pencil drawers and 1 file drawer.

Dimensions

RondoLift Desk™

Stepless gas lift adjustment allows you to work sitting or standing.

Stepless Gas Lift

The German designed gas strut mechanism provides the answer for people with back complaints aggravated by too much sitting down in the workplace.

Studies in Europe have shown that people prefer to spend up to 70% of the day working at a desk that allows them to stand upright, move about and stretch their muscles while performing their assigned tasks.

Features

Adjustable to chair, stool and standing heights.

Edumax™ Primary Teaching Unit

Much more than 'just a big book stand', the Primary Teaching Unit can easily be moved around the classroom for use at various activity stations either by teachers or students. It can be used for both whole and small group instruction across all curriculum areas.

Porcelain Whiteboard

Premium quality, vitreous porcelain magnetic whiteboard 800mm x 900mm. Easy to clean and great for magnetic letter use. Backed with a commercial whiteboard for storing magnetic letters and writing evaluative notes.

Hold Ups

Unique Hold Up system – holds multiple sheets of paper. It's invaluable for wall stories, for use with large sheets of paper as a flip chart and to hold the clear PVC overlay sheet. The 'no lip' book ledge won't tear pages of valuable big books.

Sturdy Construction

Strong and safe featuring a low centre of gravity and made with laminated MDF. Other features include: practical big book cavity, convenient rear hanging rail, generous book box storage and heavy duty castors.

Finishes

Available in Stipple Grass, Oyster Grey, Olympia Blue or Olympia Red

The slide out drawer comes with an optional lock if required.
